A Resolution to Ensure Equitable Defense Contributions within NATO

WHEREAS, NATO's effectiveness and readiness rely on adequate and equitable defense contributions by member countries; and

WHEREAS, the current defense spending guideline of 2% of GDP is not met by all NATO member countries, leading to imbalanced contributions and shared responsibilities; and

WHEREAS, insufficient defense spending by some member countries weakens the collective capabilities and deterrence posture of NATO, compromising the security and defense readiness of the alliance; and

WHEREAS, the prosperity and security of NATO are intertwined with the commitment and investment of each member country; now, therefore, be it

RESOLVED, That the Congress here assembled requires NATO member countries to allocate a minimum of 3% of their GDP to defense spending; and, be it

FURTHER RESOLVED, That any member country failing to meet the minimum spending requirement of 3% GDP on defense will forfeit the protection and security guarantees provided by NATO.
